

## Paying Tribute to Sir Maurice Hatter (Of Blessed Memory)

Dear Friends,

The University of Haifa mourns the loss of Sir Maurice Hatter (1929-2020), respected businessman, philanthropist and cherished friend and benefactor of this University. Together with his wife Lady Irene Hatter, Sir Maurice provided generous support to a range of high-priority projects, including marine science research at the Institute for Maritime Studies and the Hatter Department of Marine Technologies, and scholarships, especially for students serving in the IDF reserves. The family's generosity enormously enriched student life on campus through the Hatter Student building and the Hatter Pedestrian Bridge. We will truly miss his wisdom and guidance. Thank you, dear Maurice, from the bottom of our hearts.
